GREEN & ENVIRONMENT POLICY (An Initiative for Green Campus)

1. Introduction

The SEICOM Degree College is committed to creating a sustainable and environmentally friendly campus. The Green Campus Initiative aims to promote ecological responsibility, enhance biodiversity, and foster a culture of sustainability among students and staff.

2. Objectives

- To reduce the college's carbon footprint
- To enhance green spaces on campus and promote biodiversity.
- To engage the college community in sustainable practices and awareness programs.

3. Scope

This policy applies to all college facilities, including classrooms, laboratories, libraries, and outdoor spaces.

4. Strategies for the Green Campus Initiative

4.1 Sustainable Landscaping

- Develop and maintain green spaces, including gardens and tree plantations.
- Use native and drought-resistant plants to promote biodiversity.

4.2 Waste Management

- Implement a comprehensive waste segregation system (biodegradable, recyclable, and non-recyclable).
- Encourage composting of organic waste from canteens and gardens.

4.3 Water Conservation

- Encourage to install rainwater harvesting systems to utilize natural water resources.
- Promote water-saving fixtures and practices in all facilities.

4.4 Energy Efficiency

- Promote the use of renewable energy sources (e.g., solar panels).
- Encourage energy conservation practices among students and staff.

4.5 Transportation

- Promote the use of bicycles and public transport for commuting to campus.
- Implement carpooling programs to reduce the number of vehicles on campus.

5. Awareness and Education

- Organize workshops, seminars, and campaigns on sustainability and environmental awareness.
- Integrate sustainability topics into the curriculum to cultivate a sense of responsibility among students.

6. Monitoring and Reporting

- Establish a Green Campus Committee to monitor progress and implement initiatives.
- Prepare an annual sustainability report to assess the effectiveness of the initiatives and share achievements with the community.

7. Compliance

- All members of the college community are expected to adhere to this policy.
- Non-compliance may result in disciplinary measures as per college regulations.

8. Review of Policy

This policy will be reviewed annually to ensure it remains effective and relevant to our sustainability goals.

9. Conclusion

The SEICOM Degree College is dedicated to fostering a green and sustainable campus environment. Through the Green Campus Initiative, we aim to inspire our community to take action toward environmental stewardship and contribute to a healthier planet.
